

# **M** | MICHIGAN MEDICINE

## EXPOSURE AND PHENOTYPING STUDY EXAMINING ALS (EXPOSE-ALS)

### WE'RE LOOKING TO:

Understand how environmental toxins and exposures in the home and work environment can contribute to the development of ALS and other neurodegenerative diseases.

Learn how to detect symptoms of these neurodegenerative diseases early, before symptoms are noticeable.

Learn how to develop strategies to help prevent the onset of diseases like ALS and neurodegeneration.

### HOW CAN YOU HELP?

➤ Complete online surveys ◀

➤ Provide a one-time mail-in saliva sample ◀

**RECEIVE \$10 FOR PARTICIPATION**
